Statement to condemn and denounce the terrorist crime
Demand to bring suspects, agitators, organizers, financiers and executors to justice

We the undersigned human rights bodies in the Arab Countries strongly condemn the treacherous and cowardly terrorist organized crime, which claimed the life of the left-wing Jordanian politician Nahidh Hatter, Sunday (25/9/2016) morning, in front of the Palace of Justice in Amman, and as we demand the disclosure of the real culprits who are behind this heinous crime and bring suspects to justice, we emphasize the accountability of all agitators who fed the mentality of the terrorists perpetrators and filled their minds morally in order to embark on this disgraceful criminal act, and not to exclude the financial facilitators, it would not have been that easy in the absence of organized cells that provided accurate information and made it easier for criminals to complete their criminal actions successfully.

This heinous crime did not just target the life of an ordinary citizen, but betrayed the climate of security and safety in Jordan primarily, fueled the state of political and sectarian tension in the country, introduced the citizens to a state of terror and insecurity, and served social fragmentation and the forces of terror and extremist schemes; therefore call on the competent authorities to assume their true role of providing real protection for the Jordanian people away from sectarian and political considerations.

The preservation of Jordan's security and the unity of its social fabric requires drying up the organizational, intellectual, and financial sources of terrorism and the prosecution of all agitators and dark "servers" that fuel terrorism, encourage extremism, spread chaos, and destroy Arab societies, in service of the enemies of the Arab citizen who want to prevent him from the right to development and advancement.

We also extend the Hatters in particular and the Jordanian society in general our deepest sympathy and solidarity, confirming our confidence in the Jordanian society and its ability to single cohesion and overcome the effects of this heinous crime and that it convicts for the ideas of extremism, obscurantism, and terrorism.
