The recommendations are as follows:

1. We invite states and civil society organizations involved in this conference for dialogue in order to promote tolerance, and combat hate crimes and extremism while taking into consideration to benefit from the Emirati model in criminalizing hate and extremism, in order to create a unified and holistic criminalization of the hate crimes in the Arab region.

2. Establish a fund solely for the financing of organizations and research centers that work on promoting the notion of tolerance and rebutting hate crimes.

3. We invite the League of Arab States Conference and the GCC to adopt an international agreement to combat hate crimes and racism.

4. We invite international organizations and the Unite Nations to adopt an international agreement to combat hate crimes and racism, which will also be added to the basic human rights agreement.

5. We invite civil society organizations in the Arab countries to work on combating extremism, by placing an educational and awareness strategy that combats racism, extremism, and hate crimes, and creating a national program that targets the media and education sector on audio, video, and electronic mediums to reach the people.

6. Establish a regional union for civil society organizations that aid in fighting discrimination and hate, coordinated by the Human Rights Association, where it will research and document all types of racism in the region and work on spreading tolerance.

7. Request States to reevaluate school curriculums to ensure the topics are adopting values of tolerance.

8. Invite the regional union to an annual conference to discuss combating racism, hate crimes and extremism.

9. We invite religious organizations to improve and update religious speeches and reform the religious education by strengthening tolerant notions, combating racism, hate crimes and extremism.

10. Form a constituent union committee consisting of His Excellency Mohammed Salem bin Dhuwaien Al Kaabi, General Coordinator of the union, and members Dr Nidham Assaf, from Jordan, and Dr Omar Rahhal, from Palestine, and Mr Murad Al Gharati, from Yemen, and Mr Hafedh Abu Sa’da, from Egypt, and Dr Sonia Sayari, from Tunis.
